

Notice to Gillies Residents

From the desk of the Fire Chief, Community Emergency Management Coordinator, Reeve, Council and Clerk

Gillies is in a Restricted Fire Zone for the foreseeable future which means:

- No Burning anytime for any reasons due to the tinder and dry conditions.
- Everyday activities such as mowing the lawn, cutting fire-wood, grinding or welding could cause a fire.
- Use all equipment carefully, especially tracked equipment such as bulldozers or excavators.
- Always do a fire check after you complete any activity that could cause a fire.

Be mindful that even a spark from a simple task could catch fire in these conditions.
